CITY RESCINDS CURRENT WATER RESTRICTIONS

Eastland City Manager Ron Duncan has rescinded the City of Eastland Water Restrictions put into place on August 18, 2014. The City has been in Stage 1 Water Restrictions, allowing watering only on odd/even days based on addresses, 7 a.m. to 9 a.m. and 7 p.m. to 9 p.m.

“With the tremendous rains we have been blessed with,” Duncan said, “our water source, Lake Leon, is currently flowing over the ‘morning glory’, for the first time in several years.”

“We would ask, even though there is plenty of water today, to be water conscious and remember where we were last month,” he said. “We were very near to going to Stage 2 Restrictions just a few weeks ago.”

For further information on this or other City matters, please contact Eastland City Hall at 113 E. Commerce or 254-629-8321.
